FAMILY GROWTH IN GIVING WORKSHEET

"Generosity is an Indicator of Mature Discipleship."

With all the competing claims on the resources of the Christian family, careful examination of giving patterns should be made each year. Every family should aspire to reach the Bible pattern of the tithe (10%) of income. Some families reach this goal in a single jump, others take more time, moving up a percent or two each year in a systematic way. Families reaching the tithe usually move beyond that as evidence of continuing growth in discipleship and increasing concern for Christ's mission in the world. Use this worksheet to plan your GROWTH-IN-GIVING program for the next few years. Make your plan and then follow the plan you make.

The Woman's Club of Arcadia installed new officers in a beautiful inspirational ceremony conducted by Mrs. E J. Fuerst, a past president. The ceremony was held Wednesday, June 3, in the clubhouse which was colorfully decorated for the occasion.

She then gave each incoming officer a candle, of the appropriate color for her office, which she in turn lighted from Mrs. Starkenburg's taper.

Mrs. William Greenway, assuming the presidency for the second time, chose as her motto for the year, "Helpfulness, Harmony and Happiness." As she lighted another inspirational candle she placed it in the other candle holder, making a combined light of two presidents. In installing Mrs. Greenway, Mrs. Fuerst used her theme of happiness and harmony and added, "We have confidence and trust in your ability to lead the club in wisdom. Versatile Arcadian prepares delightful strawberry salad

By MARILYN MORRISON

Scotty (Mrs. Douglas) Schinke is undoubtedly one of the most versatile women in Arcadia. Just about any endeavor one can name Scotty has either worked on or is associated with, currently.

She has been active in PTA serving two terms as Holly Avenue president, has worked with Little League, is affiliated with Toastmistress where she is the current vice president. In this organization Scotty has served in almost every capacity including president. In addition to her vice presidents duties of membership she also is in charge of the speakers bureau for the organization.

Of all her activities probably the one dearest to her heart is the chairmanship of the Art and Pennies for Art Section of the Arcadia Woman's Club. Scotty will commence her seventh year in this chairmanship from which the club has received outstanding recognition. The past four years the Arcadia Club, through Mrs. Schinke's efforts, has garnered first and sweepstakes honors in both the Verdugo District and State competition, in the art section.

Scotty lives on Lemon Ave. in Arcadia with her husband Douglas and two sons Glenn and Stan. The family shares many outings together and all three of Scotty's menfolk are members of the Order of the Arrow, one of the highest echelons of Boy Scouting.

In her spare time she attends California State, Los Angeles and often gives book reviews, talks and monologues for area groups. Tomorrow she will speak to the Missionary Group of the Church of the Good Shepherd on "Our Forgotten Heritage" a discussion of the Indian problem.

One would think that these activities would take up all of her day but she does manage to be practically a gourmet cook and an outstanding seamstress.

The Schinkes enjoy giving small dinner parties and "Ruby Springtime Salad" is usually a must on the menu during the strawberry season.

Ruby Springtime Salad

3 envelopes unflavored gelatin
4 tablespoons cold water
1 cup hot milk
2 cups sliced strawberries
½ cup unsliced strawberries
2 cups cottage cheese
8-10 peach slices
1½ cups sour cream
¼ cup walnuts
¼ cup pecans
1 cup drained, crushed pineapple
½ cup confectioners sugar
1 tablespoon lemon juice
Pinch of salt

Soften gelatin in cold water; dissolve in hot milk. Add 2 cups of sliced strawberries, cottage cheese, 1 cup of sour cream, nuts, sugar, lemon juice and salt. Blend thoroughly. Mold in a deep 9" to 10" mold. Two hours is enough time for it to firm up. Unmold on a bed of parsley alternated with slices of peaches and place a strawberry on the parsley. Save several of the more perfect berries and place the remainder in the center of the mold. Cover with the remaining ½ cup of sour cream and top with choice berries. Recipe makes 12-14 generous servings.

Walnut Cookie morsels deemed perfect for teas and snacks

Christine (Mrs. Jack Mallon) who was in charge of the installation tea for the Arcadia Woman's Club held last week has generously offered to share one of the cookie recipes with Cooking Corner fans.

A most energetic and hard worker is Christine. She has staged two lavish ways and means fashion events for the Woman's Club and is always willing to lend a helping hand.

She spent many years in the business world in New York, Chicago and Hollywood. She owned several self improvement studios and was responsible for the success of many women who pursued careers as fashion models or actresses.

Now that she's retired from the glamour of staging fashion shows and helping to make a plain girl or women into a beauty, and as Christine says "everyone is beautiful in some one's eyes." She is active in both the Woman's Club and Hi Neighbors.

She's content to be a housewife and club woman.

Christine loves to make cakes and cookies and thinks that preparing a chicken dinner is a real pleasure.

According to this sparkling gal eating good food is one of the joys of living.

Cookies are a favorite with Christine and her husband as the way to end a meal. To keep a trim figure Christine says "just don't over eat and think thin, it helps."

These cookies are easy to make and very tasty.

Piscitelli's winning painting was a batik called "Holy Angels Window." Miss Gruben had an oil portrait of a young boy.

John Piscitelli, sixth grader at Baldwin Stocker School, won first prize in the Arcadia Woman's Club Art Contest with his batik, entitled, "Holy angels Window. He also took a first prize in the Verdugo District and the art work has now gone on to state for judging.

A batik is an Indonesian technique of hand printing textiles by coating with wax the parts not to be dyed. It is an age-old tradition of the Malayan people. It takes one month to prepare the material for one dress with this method.

He used melted crayon on his batik. This was a class project under the direction of Frederick Umbeck.

John's art work was chosen by the school for the contest and he received first in the elementary division of the school district.

Besides his interest in art, John is extremely interested in sports. He plays in the majors of the Little League, Arcadia All American football, and basketball.

He is the son of Mr. and Mrs. Samuel Piscitelli.

Large fluffy pooch, old doll featured

There were dolls more than 100-years old, dolls almost microscopic in size and stuffed animals equally as small — and one fluffy canine six-foot tall.

That was the way the cafetorium at Camino Grove school looked Wednesday, as approximately 200 children, and grownups, viewed or exhibited parts of their doll and hobby collections.

The Recreation Department sponsored event went smoothly according to Roberta White, recreation supervisor.

Dolls, that were collected the day before from participants at local schools, were judged and awarded prizes in many catagories including foreign dolls, dolls from television and movies, troll dolls and home made dolls.

Hobbies including baseball card collections, penants, horse collections, rock collections and rare coins were also part of the contest.

Woman's Club Sponsors Terri Goulard in Exhibit

The Woman's Club of Arcadia is pleased to present the art work of the very talented, seven year old, Terri Goulard in a one-man show in the children's ward at the Methodist Hospital.

Terri won first place in the second grade at Highland Oaks in the contest sponsored by the Woman's Club last year. She also has a second place in the district judging. Terri likes people and most of her paintings are of children of many lands. However, she confesses that clowns are her favorite thing to paint.

When other children were breaking crayons and attempting to complete color books, Terri was drawing her own pictures and painting them. This came about because she is the youngest of five children and had an older sister studying child psychology during her early color book years and she never let her have them. Her mother said this did present a problem though for when she started to kindergarten she came home complaining that she was going to fail because she couldn't stay in the lines to be colored. This "draw your own picture" idea has paid off though, for Terri's work is cheery, colorful and delightful.

Terri prefers to paint with felt pins but one of the eight paintings on display at the hospital is her first attempt with oils and you guessed it, it's a charming clown. She also painted six, four by six paintings, to be given to the children in the ward and promised to do others if there were more children during her two weeks exhibit.

Terri has had a few art lessons from one of her favorite artists, Estelle Workman, who proclaims that one day Terri will be showing her work in the Laguna Beach Arts Festival. Other than the Woman's Club contest, Terri has had her work on exhibit at the Arcadia Public Library.

A few weeks ago her work was displayed at Richard's Market art show in Newport Beach and two of the artists there were so certain that Terri's work is outstanding that they wanted to be the first to buy something from her and she sold two paintings in one day. . . one for 50 cents and the other for $1.00. She will probably have work in the Los Angeles County art fair this year too.

Terri is not only an exceptionally fine artist but also a good student and a concert violinist. She is the daughter of Dr. and Mrs. Irving H. Goulard.

TALENTED AND TINY — Seven year old Terri Goulard, under the sponsorship of the Woman's Club of Arcadia, is having a "one girl" show in the childrens' ward of the Methodist Hospital. Terri is shown placing some of her work with the help of Walter Hoefflin, administrator of the hospital, and a chair to shorten the distance between the two. Terri is also a concert violinist, a good student and the daughter of Dr. and Mrs. Irving H. Goulard.

INTERNATIONAL AFFAIRS—Mrs. Raymond Kennett is shown receiving her gavel for the coming year from Mrs. G. R. Starkenburg, president of the ~~Wom~~an's Club of Arcadia. Others taking office, from the left, are Mmes. Harry Russell, Harry Walker and Walter Genuit.

Contest winners exhibit at hospital

The Arcadia Woman's Club is sponsoring an art exhibit of Teresa Pink and John Piscitelli in the children's section of Methodist Hospital. One of the summer programs of the art section of the Woman's Club is to exhibit winning works of the Arcadia school children, for the young patients.

Teresa Pink will be entering the second grade at Hugo Reid School this fall. She garnered a first place award at her school and later received honorable mention in the Clothes Line show held at the Hub. An active youngster who swims, sings, plays the piano and helps with younger brother and sister, Teresa considers art and art craft her first love. Her winning entry was actually a decoration made at school for her coming birthday party. Mrs. Brown her teacher thought it so good she wanted to keep it for the contest. Teresa's disappointment at not being able to have her painting at the party was compensated for, when she was awarded first place.

John Piscitelli will be entering the seventh grade at First Avenue Junior High School. His winning entry was painted under the direction of Jim Umbeck, teacher at Baldwin Stocker elementary school. John garnered first place at his school, at the Arcadia District level, the Verdugo District, which includes 23 school districts, and first place in the state of California.

His trophy and ribbon were presented at the Woman's Club State Convention held at the Sheraton Universal.

John is also interested in sports winning first place in the Civitan track meet in the long jump, second place in the 100 yard dash and a member of the Baldwin Stocker first place relay team. He also played short stop in Little League.

During the summer he took classes in Batik and Tie-dye at Creative Arts. Mrs. Douglas Schinke, Art Contest chairman, has remarked "who knows he may produce something this coming year that is even better than 'Holy Angels Window'," the beautiful batik that brought him so many awards."

BOTH WINNERS—John Piscitelli is shown with his prize-winning "Holy Angels Window". John won a first for the state in the competition sponsored by the Woman's Clubs. Teresa Pink is shown with her "Party Time", for which she earned a first place in the Art Dept. contest sponsored by the Womans Club of Arcadia.

Art Work Is On Display

The work of Teresa Pink and John Piscitelli is now on display in the children's ward at the Arcadia Methodist Hospital. The program is under the sponsorship of the art department of the Woman's Club of Arcadia.

Teresa Pink will be entering the second grade at Hugo Reid school this fall. She received a first-place winner for the first grade at her school while she was a member of that class. She is an active youngster, swims, sings, plays the piano and helps with her younger brother and sister, but her first love is art. She is interested in crafts as well as painting. The first place winning picture was actually a decoration which she had made at school for another purpose, but her teacher, Mrs. Brown, thought it so good that [illegible] kept for the contest. And of course, Teresa won first place in the contest conducted each year by the Woman's Club and also an honorable mention in the Clothes Line show held in the Hub.

John Piscitelli will enter the 7th grade at First Avenue school this fall, but his winning work was done while he was at Baldwin Stocker, under the direction of Jim Umbeck. John won first place at his school, then the Arcadia school district, then Verdugo District, which includes 23 school districts, then he went on to win first place in the state. His trophy and ribbon were awarded to him at the state convention of Women's Clubs held at the Sheraton-Universal. Afterwards he was treated to a tour of Universal City Studios.

John is an all-around boy as good in sports as he is in art. He won first place in the Civitan track meet for the long jump, second place in the 100-yard dash and his team from Baldwin Stocker came in first in the relay. He played short stop in Little League.

During this summer, he has taken classes in Batik and tie-dye with the Creative Arts.

PORTRAIT CLASSES—Artist Phyllis Mueller, widey known portrait artist is shown with one of her portraits. She will be conducting art classes at the Woman's Club of Arcadia beginning Oct. 1 every Thursday from 3:30-5:30.

Art Classes To Begin In October At Woman's Club

The Arcadia Woman's Club will begin their fall art class on Thursday Oct. 1, and will continue each Thursday through December from 3:30 to 5:30 p.m. at the club house, First and Diamond Avenues.

This will be a portrait class taught by Phyllis Mueller, widely known portrait artist. Phyllis is a member of Mid Valley Arts League and won the Mayor's Wife's trophy in 1970 and the preceeding year not only captured that award but also the Rose Queen's trophy.

Phyllis has always been interested in painting and took realistic painting in high school and had private lessons from an illistrator who came to her house. She does many types as well as mediums of painting but she says she likes to do people in oil best. Creative Arts in Temple City is lucky to have her as a member and demonstrator.

It seems Phyllis is always enrolled in an art class and says she has never had a class she didn't learn something from. This contributes to the demand for her as a commissioned portrait artist. She studied life drawing with Joe Mugnaini and drawing and anatomy with David Schnabel and figure drawing with Benjamine Sakaguchi at PCC. Prior to that she studied for three years at the University of Milliken in Decatur, Ill. with Byron Adams. She hasf also studied water color with Bob Uecker and under James Cooper Wright at Otis and design with Bill Moore and Mr. William Enking at PCC. She also won the coveted certificate for outstanding drawing at PCC.

Students, club members and interested friends should call Mrs. Schinke 445-1678 to register for class or for information.

Woman's Club To Meet Today

The Woman's Club of Arcadia will hold its first luncheon meeting of the new club year today.

Mrs. William Greenway, new president, will be presiding and Mrs. Betty Chagnon will present the program, the Golden Concert Duo featuring Eileen Schaefer, harpist, and Caroline Hermann, cellist.

Woman's Club President Is 'Sports' Enthusiast

Mrs. William Greenway (Lu), president of the Woman's Club of Arcadia, has chosen the theme of Happiness, Harmony and Helpfulness as the motto for her year. This is a repeat performance for Mrs. Greenway who served as president in 1966-67.

"Ever since the Woman's Club of Arcadia was organized it has played an important and vital role in the community life and development of Arcadia, Lu said, "And I hope during this year that the club will add to that fine record."

Mrs. Greenway is filled with enthusiasm for the year ahead and she has nothing but praise for her competent board and the interested membership.

She points with pride to her first term as president when the club won the Federation Trophy of the Verdugo-Metropolitan, which is given for outstanding work for federation. There were about 35 federation chairmen that year working on district projects in various fields.

The Art and Pennies for Art (Visual Art) department was organized during that year, and it not only took a state prize for first place but has every year since. Another outstanding department that was stated was Meet the Authors luncheon, which also has become most successful.

Mrs. Greenway intends to promote federation which is one of the objectives of women's clubs.

In addition to the club work, Lu is a very busy lady. She and her husband own the Southern California Door Co. and she is vice president and treasurer. They have two sons, Bill, a graduate of UCLA and USC with a degree in engineering, works for his parents in the sales department, and Jim, a student at the University of California at Irvine.

"There is no generation gap in our family," Mrs. Greenway said. "Jim and a friend introduced us to skiing two years ago and since then we have had many fun trips together. We find skiing both relaxing and challenging.

"Last year when Jim entered college he started working out with what was to become the "Visit Season" varsity baseball team at the University of California at Irvine. We attended the double header practice game and Jim took over second base spot as freshman, so we naturally couldn't miss any of the games. When the team traveled by bus to the games at the University of Nevada at Las Vegas and Southern Utah State, we were privileged to accompany the team.

"It was three wonderful days with those fine young men and a trip we will never forget. We also accompanied the team to the N.C.R.A. Regional Tournament at Sacramento to which they were invited after having a most successful season to become ninth place in the nation.

Bill received a scholarship in the NROTC program and while at Edwards Air Force Base was in on the modifications of the rocket that went to the moon.

Both boys attended Arcadia schools and graduated from Arcadia High School. Jim was a quarterback on AHS football team and received the Most Outstanding player trophy.

Mrs. Greenway said, "We moved 30 times before coming to Arcadia because Bill was with U.S. Industries and was always being moved around. Bill Jr. pitched the first Little League game in the new ball park the day the mayor dedicated it, and we decided that as long as we had made history we would stay here.

Lu said that it was practically in her wedding vows that she learn to play golf by the next year to be ready for the advance league. "My husband and Bill Jr. were my only teachers, she continued.

The Greenways and their sons and Bill's wife, spend many happy weekends together with their activities.

Speaker Criticizes Bi-Lingual Teaching

Language and how it is spoken (and taught) was the subject of George Gilbert when he addressed members of the Woman's Club of Arcadia at their second luncheon meeting of the fall club season.

Mr. Gilbert, an exceptional linguist as well as a humorous speaker, is sponsored by Coast and Southern Federal Savings and his topic title was "How You Speak."

He explained and illustrated the rhythm, tone and music of various languages and dialects, and in a more serious vein, expressed his disapproval of bi-lingual teaching in American schools.

"English is the predominant and accepted language of the American people," she said, "and should be given primary attention in our school curriclum. All other languages should be grouped together in consideration as languages of other nations."

Definitely, his message was "Let's have no hyphenated Americans." Regardless of place of birth, or color of an individual, if he is a citizen of this country, he is an American. "An American, to compete to best advantage in our culture and economy," the speaker believers "should speak our language."

Halloween motif

Luncheon was served at card tables, covered withh gold lunch clothes and centered with pumpkin centerpieces in the Hallowe'en motif.

President Mrs. William W. Greenway introduced Mrs. Henrietta Loeffler, just back from a European tour. As American Heritage and Citizenship chairman, Mrs. Loeffler led the pledge of allegiance to the flag and spoke of the enthusiastic applause with which the returning passengers of her tour acknowledged the "Welcome to the United States of America" upon landing on American soil.

Mrs. Lyman Vollintine, religion chairman, was inspirational speaker and this was followed by the Woman's Club Collect repeated in unison. Mrs. Greenway expressed her desire that members become familiar with their credo.

Mrs. Harry Russell, Mrs. Walter Genuit and Mrs. Joe Parnham were on the luncheon committee.

Annoucnements

The regular order of business was dispensed with and while awaiting arrival of the guest speaker, announcements were made.

The legislation chairman could not be present but asked that members be reminded to exercise their voting priviledges Nov. 2 "Let them know that we care, and keep your ballot stubs to turn in at the next meeting" was her message.

The district motion picture, radio and TV chairman has arranged with the manager of the Pasadena Hastings Theatre for all Woman's Club members over 50 years of age, to attend the matinee showing of "Hello Dolly" Friday, Nov. 6. Reservations may be made with Mrs. Charles Ganther or Mrs. Douglas Schinke.

The Nov. 4 meeting will be Reciprocity Day and Mrs. DeForest Cutler, state music chairman and first vice president of Verdugo District, will be a guest. Mrs. Cutler, talented speaker and singer, will bring her accompanist and add several musical numbers to the program.

On the same program, Miss Leslie Marine, Arcadia High School student, will tell of her experiences at California Girls State and her trip to the National Capital as a result of being chosen "Outstanding Girl State Citizen." She was sponsored by Arcadia Unit 247, American Legion Auxiliary.

HEA Program

On Nov. 13, some of the members who will participate in a screening clinic for infants, will meet at the HEAR Foundation in Pasadena for instructions. This is a district project of the Senior Woman's Club in cooperation with the Juniors, with Mrs. William Winchester as chairman. Date for the Arcadia clinic is Nov. 17 from 9 a.m. to noon and from 1 to 3 p.m. at the Arcadia Women's Clubhouse.

At tonight's meeting of the Junior Club, Owen Van Buskirk, assistant superintendent in the Arcadia Unified School District, will speak on the inception of the Volunteer Aide program in the schools. Arcadia Woman's Club and the Juniors have been named as two of the four organizations participating.

Any member interested in helping this program may contact Mrs. Ray Allen Youg, Mrs. Greeway or Mrs. David Mears.

ANNUAL CLERGY DAY — Arcadia Woman's Club invited all Arcadia clergymen to the club's traditional Clergy Day luncheon, at which six of the ministers discussed "The Changing World" in a panel program. From left are The Rev. Ronald McWheeldon, the Rev. Paul Johenk, Rabbi Martin Sofer (seated), Mrs. Lyman Vollintine, club chairman of the day, Mrs. William Greenway, club president; the Rev. Fred Coots, the Rev. James Hagelganz, the Rev. Fr. Laurence Coen and, seated, the Rev. Walten Doering.

Clergymen Look at 'Changing World'

The church is a conserving institution, and also a transforming institution and cannot go too far in either direction. The idea is to keep one foot in tradition in which the church is rooted, and the other reaching out to the changing world.

This conception was expressed by the Rev. Fred Coots, minister of Church of the Good Shepherd, when he joined five other Arcadia ministers in a panel talk on the topic "This Changing World."

The panel program was the main feature of the annual Clergy Day luncheon hosted by the Woman's Club of Arcadia.

Mrs. Lyman Vollintine, chairman of the day, introduced as panelists the Rev. James W. Hagelganz of Arcadia Presbyterian Church; the Rev. Walton W. Doering of Our Saviour Lutheran Church; Father Lawrence Cowan of Holy Angels Catholic Church (standing in for the Rt. Rev. Msgr. Gerald O'Keefe); Rabbi Martin Sofer of Foothills Jewish Temple in Arcadia; the Rev. Ronald Wheeldon, rector of Church of the Transfiguration, Episcopal, and the Rev. Mr. Coots.

The Rev. Mr. Wheeldon is rector of a historic parish in England and is presently serving in the Transfiguration church and a newcomer to Arcadia. He said he has seen a great change in England and in the social and industrial revolutions. "There may be great differences occur between children and parents. There may be great changes in services of church. But God will never change."

Father Cowan, asked how does the Catholic church meet the needs of the times, said each challenge must be met individually. Societies fall because of decay from within. Many a problem in society stems from conditions existing in the home. The Catholic church emphasizes the brotherhood of man, dignity of marriage, and tries to help solve the ills of society.

The Rev. Mr. Hagelganz gave the basic concept of the Presbyterian Church in these changing times, with aims to restore the relationship of the church and the teen challenge. He stated that the teen challenge group had been able to effect the cure of about 80 per cent of the drug problem.

The Rev. Mr. Doering said the mission of his church was to preach the Word of God, the good news of salvation. Forms of service may change, he said, and the church must use modern means and agencies such as TV and radio.

Rabbi Sofer said the Jewish people are accustomed to change. Times change, religion must change. "Man is not sinful, but a good creation of God. We are co-workers with God." There have been periods of progression and regression in human history, but emphasis is on "family" as the central cell of society. Breakdown of the "family" is one of the greatest ills of society.

A question and answer period followed the panel discussion.

Among other guests were the Rev. Margaret Stevens of Santa Anita Church; Rabbi Camillus Angel of Temple Beth David, and Mrs. Angel; the Rev. Paul Johenk, chaplain of Arcadia Methodist Hospital; Mrs. Olga Woodworth, minister of Emmanuel Assembly of God; the Rev. Drell Butler of Arcadia Community Church, and Mrs. Butler; the Rev. Leslie G. Strathern of Arcadia Congregational Church; Pastor Ted Cummins of Arcadia Friends Church; Bishop Kay Clifford, Church of Jesus Christ, Latter Day Saints, West Arcadia Ward, and the Rev. Kenneth Hansen, of Lutheran Church of the Cross.

Mrs. William Greenway, club president, presided and welcomed guests and members.

The afternoon closed with the joining of hands and the singing of "Blest Be the Tie that Binds." Mrs. Vollintine concluded with the prayer: "O Heavenly Father, we thank Thee for food, and remember the hungry; We thank Thee for health and remember the sick; we thank Thee for friends and remember the friendless; we thank Thee for freedom and remember the enslaved. May these remembrances stir us to service that Thy gifts to us may be used for others."

Arcadia clergy speaks on the changing world

By Marilyn Morrison

"This Changing World" was the topic of a panel discussion of six clergy men from the Arcadia area at the annual Woman's Club Clergy Day program.

Members of the panel which was moderated by Mrs. Lyman Vollintine included Dr. James W. Hagelganz, Arcadia Presbyterian; The Rev. Fred Coots, Church of the Good Shepherd; The Rev. Ronald Wheeldon, Church of the Transfiguration; The Rev. Walton Doering, Our Saviour Lutheran Church; Rabbi Martin Sofer, Foothill Jewish Temple Center and Father Laurence Coen of Holy Angels.

Each member of the clergy panel gave a short talk indicating where he and his Church stood in these changing times.

Dr. Hagelganz began the discussion commenting that the emptiness of life can be filled through a personal encounter with Christ. He believes the Church can assist in bridging the relationship between man and God and that through Christ this broken relationship can be restored. He spoke of the Prebyterian Church's attempt to offer a meeting place for young people at "the cottage."

Rev. Doering related he felt the institutionalized Church was in a state of change and that smaller meeting and groups of a more personal nature were better able to meet the needs of today. He felt the Church must speak to the issues and that people should be let to "do their thing, for Christ."

Father Wheeldon spoke of the many aspects of a changing world and commented that 100 years just isn't considered long at all in England. (He is rector of St. Cuthbert's in County Durham and is in Arcadia for the year on an exchange venture with Father Bill Daum). He stated that the world is neither good nor bad, its the people that live in it. Something he says that never changes is the God he serves.

Rabbi Sofer said that he felt that periods of change were good for Judaism and that there is definitely a partnership between man and God. It is his belief that the family is the central cell of society and that the breakdown of the family was frequently responsible for many of the problems encountered today. He expressed the thought that it was necessary for a person to be responsible for his acts.

Father Coen commented that there was no ready-made solution to the problems resulting from these changing times. It was his opinion that each challenge should be met on an individual basis and that the brotherhood of man should be based on the fatherhood of God.

Rev. Coots in conclusion commented that each member of the panel was basically saying the same thing, in his way. He commented that the laws, government, family and the Church were all being attacked from within and without and that so frequently if a person disagreed with one segment of anything he would withdraw support of the entire program, rather than seeking to relate to and find wherein he could agree. It is his belief that the Church is a conserving institution and also a transforming institution and that as Christians it is often necessary to have one foot in the tide of tradition and another in the stream of change.

A discussion under the direction of Mrs. Vollintine followed.

Arcadia Woman's Club Honors Past Presidents

Wednesday, Jan. 7, at their first meeting of the New Year, the Woman's Club of Arcadia honored their past presidents. This is an annual occasion when memories of former years are recalled and friendships renewed.

Mrs. William W. Greenway, president, welcomed the honored guests, who were seated at the head table; Mmes. Charles W. Stewart, Harry W. Russell, Ray Allen Young, Charles F. Ganther, Bruce G. McAbery, Daniel J. Slattery, Alby R. Foy, Michael Erickson, Harry R. Lauber and Gilbert R. Starkenburg. President Greenway also qualifies as a member of the group, as she served the club as president three years ago.

Mrs. Henrietta K. Loeffler, American Heritage and Citizenship chairman, gave a patriotic tribute and led the membership in the Pledge of Allegiance to the flag.

The inspirational was given by past president, Mrs. Harry W. Russell, who concluded her remarks with a personal code of ethics adopted many years ago — and a brief prayer.

"I'm going to try to live each day, each hour,
With all the force and all the loving power
Which the Creator gives me to apply.
I'm going to try.
I'm going to try to feel the life in me—
Is but a gift, which in my custody
Must be accounted for to one on high—
I'm going to try."

President Greenway thanked Mrs. Loeffler for the beautiful table decorations, Mrs. Anyta Doyle for the exquisite corsages which she prepared for each distinguished guest, and Mrs. Edward G. Frank, chairman of the ways and means committee, in charge of the luncheon.

Following the routine business of the meeting, Mrs. Harry J. Schwarz presented the speaker of the day, R. James Mortimer, a representative of the Diners Fugazy Travel of San Gabriel, who amazed, amused, and sometimes confused the ladies with his humorous subject, "Some Misconceptions About the English."

Mr. Mortimer explained that this appearance was his first appearance for a women's organization. He was born in London and moved to Los Angeles in 1961, and is an expert in presenting the eccentricities of the English language as well as the abuses and incongruities in our language.

Members of the Arcadia Woman's Club are looking forward to the "Authors Luncheon" to be held at 11:30 a.m. Wednesday. The annual event sponsored by the Literature Section is deemed one of the outstanding club endeavors.

Mrs. Bristow's book "Calico Palace" is a story about men and women who lived in California at the time of the Gold Rush. They were not the forty-niners rather the forty-eighters, the people who were in California prior to the Gold Rush. Calico Palace was the name of a gambling casino which began in a tent in a mining camp, progressed to a tent on Kearney St. in San Francisco and then became a sumptuous brick building with red velvet curtains and crystal chandeliers. The story centers about the incidents involved in the change from tent to buildings.

Authors' luncheon slated tomorrow

PATRICIA STEPHENSON
Mexican food expert

The Arcadia Woman's Club annual "Meet the Author's Luncheon" is planned at 11:30 a.m. tomorrow. The event, to be held in the clubhouse, is under the direction of the Literature Department, Mrs. John Richardson, chairman.

Mrs. Bruce Mc Abery, current program chairman of the Literature Department, introduced this event eight years ago and it has become one of the outstanding endeavors of the Woman's Club year.

This year Mrs. Mc Abery will present Jack Smith, Los Angeles Times columnist who will discuss his new book "Smith on Wry," Gwen Bristow, author of Calico Palace and Mrs. Patricia Stephenson who will offer secrets of Mexican cooking.

Mrs. Stephenson, a Covina resident, is author of "Mexican Cookery" and co-author and illustrator of "Discovering Mexican Cooking." She traces the influences of food considered typically Mexican, noting the native food of the Teltecs and Aztecs such as corn, chili, tomatoes, squash, chocolate and the influence of the Spaniards who brought poultry and domestic animals which provided milk, cheese and gelatin. It is the blending of these foods that are considered traditional Mexican fare.

Luncheon reservations may be had by calling 355-2450.

Author's Day includes 'gift for all'

By MARILYN MORRISON

"It's just like Christmas, the tree is decorated beautifully and we can all take a gift from it," these were the words of Mrs. Bruce Mc Abery as she introduced the members of the "Meet the Author" panel at the Arcadia Woman's Club's "Meet the Authors" luncheon.

A standing room only crowd shared the delightful quips and anecdotes offered by the three authors Patricia Stephenson, authority on Mexican Cookery; Gwen Bristow, author of "Calico Palace" and Jack Smith, column notable.

Mrs. Stephenson is a firm believer that the illustrations in a book are as important as the story and her book "Discovering Mexican Cookery" is an excellent example of this premise. She just happens to have talents that lean toward art as well as the culinary.

"Mexican food is fun and festive" says Mrs. Stephenson. She traced the influence of food considered typically Mexican noting the influences of the native foods of the Toltecs and Aztecs such as corn, chile, tomatoes, squash and chocolate and the influence of the Spaniards who added poultry and domestic animals which provided meat, milk, cheese and gelatin. She says it is the blending of these foods that are considered typically Mexican.

She told how to make tortillias and then added with a broad grin "you can buy them in the super market" but they aren't the same.

For vitamin C fans she mentioned that chili sauce was an excellent source. And in concluding commented that desserts should always be soothing.

Gwen Bristow claims that when she is introduced as an author she can just feel the inward reactions, how, did, she, ever "make the grade." None the less she has and her droll sense of humor punctuated with bits of jocularity kept the audience in a mood of hilarity and jubilance.

She contends that her bid to become an author became a reality when a next door neighbor's radio drove her and her husband to distraction.

In jest she and her husband kept thinking of methods of "doing away" with this loathsome creature who played his radio day in and day out in a blatant manner, and the results added to their co-authoring "The Invisible Host."

"The Invisible Host," an account based on a voice from the radio, sold very well and has been printed in German, Dutch and French plus made into a movie, "The Night Guest" whose claim to fame was one more murder than Hamlet.

She told of her latest book "Calico Palace" the story about the forty-eighters who really had the "scoop" before the forty niners ever got to California.

In bidding adieu she commented that the book business wouldn't be so bad if one didn't have to put up with "those darn authors."

Meeting and hearing Jack Smith is like reading one of his columns. His delivery is a combination of urbane sophistication blended with the little witticisms and thumbnail sketches that give his column such lithe and repartee. He tends to anchor all this with common sense and his incredible, credibility.

He was introduced by Laurie Lewis of West Covina winner of an essay contest alluding to the "Outstanding American Man of the Twentieth Century," who in Miss Lewis' eyes, is Jack Smith.

In acknowledging her adulation he said this was undoubtedly a real milestone in his life . . . and I imagine it will make the column, eventually.

"There is no amount of exaggerated praise an author can't swallow," quipped Smith, as he went on to describe his attempts to write a book.

"You have to start somewhere," he said. His initial effort to write a book found him seated at a typewriter with his I'm going to write a book expression . . . and he typed "Summers End," by Jack Smith . . . It was the end of summer, so he told his wife some time later when he found the ideas not coming forth.

The "Meet the Authors" luncheon of Arcadia Woman's Club was an outstanding day — with 180 guests. Alice McAbery, the originator, works all year to find the right authors. She did a real job this time . . . Jack Smith, whom all the women adore; Gwen Bristow, who wrote "Calico Palace" and "Jubilee Trail," and Patricia Stephenson, who wrote a book on Mexican cookery.

I saw so many old friends that day, it was like old home week. Ruthie Straub, Bessie Weaver, Lillian Ross, Katherine Keim, Charlotte Wilson and Olive Stadig, who came up from Leisure World, Laguna (country cousins coming up for culture, Charlotte said), Ione Weickert, and many more.

The clubhouse was a beautiful setting for the tea and the clubwomen were beautifully gowned for the event. The tea table in the foyer was covered with a long pink cloth and centered with a gorgeous arrangement of pink carnations and rose buds. Baskets of multicolored flowers doubled for the customary footlights across the front of the stage, and corsages for the officers and guests were made by Mrs. Anyta Doyle. The punch bowls were kept replenished with punch furnished through the courtesy of Mrs. Arthur Goodrich, one, a fountain surrounded by pink blossoms.

The history of the Junior Club for the past year was read by Junior historian, Mrs. Biaunco. The club's record of community involvement was continous and worthy of commendation.

AUTOGRAPHS BOOK — Columnist Jack Smith autographs his book for Mrs. William Greenway, Arcadia [illegible] president, at the Meet the Author Luncheon.

C. Mundy Column — Arcadia Tribune - 2-28-71

The "Meet the Authors" luncheon of Arcadia Woman's Club was an outstanding day — with 180 guests. Alice McAbery, the originator, works all year to find the right authors. She did a real job this time . . . Jack Smith, whom all the women adore; Gwen Bristow, who wrote "Calico Palace" and "Jubilee Trail," and Patricia Stephenson, who wrote a book on Mexican cookery.

I saw so many old friends that day, it was like old home week. Ruthie Straub, Bessie Weaver, Lillian Ross, Katherine Keim, Charlotte Wilson and Olive Stadig, who came up from Leisure World, Laguna (country cousins coming up for culture, Charlotte said), Ione Weickert, and many more.

CIVIC DAY — Mrs. Richard Nestler, Civic Day chairman of the Woman's Club of Arcadia, invites Arcadia Mayor Ed Butterworth to attend club's Civic Day luncheon Wednesday, March 3, at the clubhouse, and take part in a panel discussion. Joining the panelists, moderated by Mrs. Ernest J. Fuerst, will be Gary Mills, school board president; Dick Miller, library director, and Robert Hutchins, assistant administrator of Arcadia Methodist Hospital.

Prominent Authors at Woman's Club

By CATHERINE MUNDY

Mrs. Bruce McAbery, chairman of "Meet the Author" luncheon of the Woman's Club of Arcadia, drew a capacity audience of almost 200 for this year's authors, Jack Smith, columnist, Gwen Bristow, author of "Calico Palace," and Patricia Stevenson, who wrote an illustrated book on Mexican cooking.

The Meet the Authors is traditionally held on Literature Day when that department has complete charge of the day. Mrs. John Richardson is chairman, and Mrs. McAbery, program chairman. Mrs. McAbery originated the Meet the Authors four years ago and each year it has grown in fame until this year guests came from many different areas of the county. Mrs. McAbery spends time during the year seeking out the authors for this day.

Mrs. William Greenway, president, planned the Feb. 17 luncheon. Mrs. Henriette Loeffler led in the pledge of allegiance and Mrs. Lyman Vollintine gave the devotional.

Happy Day

In a few brief remarks Mrs. McAbery remarked that the day was just like Christmas, with the tree beautifully decorated, and with a gift for each one.

Patricia Stephenson is a charming personality who believes that illustrations in a book are as important as the story. Her book, "Discovering Mexican Cookery" was proof of that. The illustrations were delightful and Mrs. Stevenson talked about the recipes, stressing the influence of the Toltecs and Aztecs on the food such as corn, chile, squash, tomatoes and chocolate. The Spainards added poultry and domestic animals which provided milk, cheese, meat and gelatin. Mrs. Stephenson stated that the blending of these foods are considered typically Mexican.

Mrs. Bristow, when introduced, kept the audience in laughter. She was an excellent speaker and the amusing story of how she became an author was really hilarious. She blamed it all on neighbors in an apartment house whose radio drove her and her husband into a state of desperation.

She said that to save their reason they devised ways and means of getting rid of the people next door. They finally decided they might as well make money from their imaginative murder and consequently co-authored "Invisible Host." This is an account of a voice from the radio and was later made into a movie, "The Night Guest," whose claim to fame was one more murder than Hamlet.

Forty-Eighters

Mrs. Bristow's latest book, "The Calico Palace," is about the forty-eighters, who were in California when the forty-niners arrived.

There was an eager anticipation in the audience when Jack Smith was introduced. He was introduced by Laurie Lewis of West Covina winner of an essay contest in which she called Mr. Smith "the outstanding American man of the 20th Century.

Jack Smith has become famous as a columnist with the Los Angeles Times, and he talks like you would expect him to after reading his columns. He is like a friend visiting with you in your home with ease and camaraderie. He said that there is no amount of exaggerated praise an author can't swallow.

Mrs. Bristow also spoke of an author's ego but she said "We need it."

Mr. Smith delighted his audience with his account of trying to write his first book, of his French daughter-in-law, who calls him "Mr. Smeeth," and the amusing story of the jackass on the hill in the canyon where Mr. Smith lives.

All in all it was an outstanding day for the Arcadia Woman's Club and one to be proud of.

Last, but not least, was the delicious luncheon prepared by Mrs. Joe Parnham.

Members of the Literature Department who are couriers for the Arcadia Library, were seated at one table. These ladies deliver and return books to shut-ins.

They include Mmes. Michael Erickson, chairman, John Richardson, William Orr, Harry Walker, Ernest Fuerst, Bruce McAbery, Alby Foy, Leonard Cartwright, Lyman Vollintine and William Orr.

Members of the Arcadia Library staff including Richard Miller, were guests of the day.

LITERATURE DAY — Meet the Authors is the great attraction of the Arcadia Woman's Club Literature Day when well known authors are guests of the day. The three authors introduced this year are shown here; From left, Mrs. Bruce McAbery, chairman, and founder of the idea, Mrs. Patricia Stevenson, who wrote an illustrated book on Mexican cooking, Jack Smith, columnist, Gwen Bristow, author of 'Calico Palace,' and Mrs. John Richardson, Literature Department chairman.

Arbor Day program planned Tuesday

ARCADIA — The Arcadia Woman's Club in cooperation with the Los Angeles County Arboretum will present a public program for the celebration of Arbor Day from 3:45 to 5 p.m. Tuesday, March 9.

In California, Arbor Day, in memory of famed horticulturist Luther Burbank, is generally observed on March 7 but, as that date is on a Sunday this year and since celebrations are traditionally an after-school affair, the date was re-set.

Every youngster attending will receive a red-cap gum eucalyptus with planting instructions. This tree is a native of western Australia and is a rapid growing evergreen that often reaches a height of 20 feet.

Among the honored guests will be David Alstadt, director of the Foothill Highlanders; Joseph Covell, deputy supervisor of the Los Angeles County First District; F. Harold Roach, president of the Arboretum Board of Governors; Donald Camphouse, president of the California Arboretum Foundation; Ruth Vallone, Arcadia Ecology Council; Bill Graham, assistant deputy, Angeles National Forest and Mrs. David Sheldon, conservation chairman of the Arcadia Junior Woman's Club.

Arcadia Community Theatre Was Formed Seventeen Years Ago

By CATHERINE MUNDY

Seventeen years ago a group of talented, energetic and ambitious Arcadians banded together to organize the Arcadia Community Theatre. They built such a firm foundation that the company has flourished during the years with the current production, "Don't Drink the Water," opening Friday night, Feb. 12.

The Drama Department of the Woman's Club of Arcadia wanted to do a real professional play so they hired a professional director, Henry Dunn.

It was during the production of this play in 1954 that the idea of the Arcadia Community Theater was born. Several of the cast of the original play were the ringleaders of the new company and they were soon able to interest their friends, and others interested in the theater to join the group.

And the Arcadia Community Theater was "on the road" with Mr. Dunn directing

Capacity Houses

The first production was "Lady Windemere's Fan" with Gretta Pokrajac as Lacy Windemere. It was given in First Avenue School and played to capacity houses. The first cast party was given after opening night at the new home of Gretta and Nick Pokrajac in Highland Oaks. Ione Paradise and Helen Scarborough were instrumental in organizing the company as were Margaret Balser, Janet Schick and Toni Clement, from the Woman's Club.

Others taking part in the opening production were: Marjorie Stewart, Luke Curtis, Linda Balser, Toni Clement, Janet Schick, Wally Manley, Marjorie LaRay, Lorraine Marlowe, Howard Cheverton, Olive Stadig, Cecil Graham, Harry Behtke, Pat Kennedy, Bill Hollenbeck, Eleanor Marshall, Charlie Greenstreet, Helen Scarborough, Maurice McCall, Charlie Shugert, Virginia Peckham, Mel Campbell, Brent Clarkson and Bud Proctor. Louise Roesis was the prompter.

It was amazing how professional this group of amateurs became and they played to capacity houses. One of the earliest productions was the "Women," and this also was a great success. Taking part in this were: Jerry Dornaus, Marge LaRay, Jane Miller, Toni Clement, Bea Rowland, Lee Scarborough, Jean Peaslee, Janet Schick and Ione Paradise.

Harmony

The history of the Arcadia Community Theater is the story of people working together in fun and harmony to give good and often excellent live theater to the community.

The plays have been given in several different locales and at one time it was even considered to build a playhouse, but when the Arcadia Public Library was built, the company found their "home." All plays are presented in the Art and Lecture Room of the library, at the corner of Santa Anita Ave. and Duarte Rd. The company builds the sets, rehearses and holds meetings at 30 Santa Clara St., Arcadia.

There are other names to be added to the list of those who have built the Arcadia Community Theater; Don Baker, Eleanor Marshall, June and Bill Kuyper, Arlene and Frank Judd, Ann and Roy Guild, John and Maddy Adams, Mickey and Charlie Shugert, George and Ruth Ensslin, Pat Hunt and Marge De peitro.

The company is still a small group. It is still unknown to many people who have lived in the area for a long time that the theater group is here. It puts on three shows a year, conducts a summer workshop, produces a Christmas show for the Recreation Dept.

The theater company extends an invitation to any interested person to join the group, for acting, work on production crew, or to just give moral and public support.

Arcadia is the home base and the group would like to see Arcadia proud of it as an artistic force.

For a long time there was a special membership called Social Sponsors and this group helped immeasurably to introduce A.C.T. to the community. The sponsors entertained guests at dinner parties on opening night and then went on to the theater. This has been discontinued and there is now a season ticket plan.

Season tickets are $5 for three shows, a savings of $1 and the initial response has been most gratifying. The theater company puts on special presentations for organizations.

"Don't Drink the Water" is a funny comedy. Opening Feb. 12 at 8:30 p.m., performances will also be given Feb. 13, 19, 20, 26 and 27. This will be followed by Cactus Flower on April 30, May 1, 14, 15, 20 and 22. For information about tickets of membership call Mr. and Mrs. Dan Owen, 447-1767.

Officers of the theatre group include; Don Oween, Arcadia, president; Rose Kendall, San Gabriel; Jean Livingston, Arcadia; Jessica Dean, Arcadia; Dale White, Hastings Ranch; Diana Gray ,Arcadia; Mike Kanopa, Covina. Joe Vaccarillo, Arcadia; Pat Hoffer, El Monte; Johnnie Adams, treasurer, and Jean McGeorge, membership chairman.

Roundtable to meet at Chamber, in January

The Community Roundtable of San Gabriel Valley will meet Tuesday, Jan. 19, at the Chamber of Commerce Board Room, Arcadia. Items on the agenda receiving priority will include discussion of the results of the Survey taken by the Community Fact Finding Committee headed by Jackie Long, President of the Arcadia Junior Woman's Club. Specifically, the Survey covered the need for a Child Care Center within the confines of this extended area, and was directed to PTA presidents in Arcadia. The Executive Board of the Roundtable was in agreement that this sampling would help make a determination as to what action to take in the immediate future. Details will be given the membership in a report to be given by Mrs. Long

Vice-chairman, Bee Siemens representing the Womens Division, Chamber of Commerce, will report on additional womens organizations who have joined the ranks of the Roundtable in recent weeks. Secretary Ida Scovill representing Altrusa International will present minutes of the last membership meeting together with the minutes of the two Board Meetings called by chairman Sarah Peterson, representing the Arcadia Business and Professional Womens Club.

Each President of the participating organizations is urged to attend together with two members of her club. It is hoped a community project will be adopted at this all important meeting, thus it is imperative that all voices be heard.

Judith Moore relates milestones in Library's 50 years of service

"50 Years of Service" was the title of the talk given to the Women's Division of the Arcadia Chamber of Commerce by Judith Moore, who has just retired as Arcadia librarian.

This is the year that marks the 50th year of service to Arcadia by the Public Library, she told the audience.

The service was begun in 1920 after about six years of working with the Los Angeles County Library. The doors opened originally on the second floor of the old City Hall, then located at First and Huntington.

Outgrowing the small room in City Hall the next location was a small frame house around the corner on First Avenue. In 1929 a new building was started at the corner of First and Wheeler Streets and after its opening in April of 1930 this library served the town for 30 years.

In June of 1960 ground was broken for the present location, Santa Anita Avenue and Duarte Road. Since the building was dedicated in 1961 new services have been added periodically. A separate children's department was organized. Children's story times were organized and currently there are three story hours and a film program for young people.

Phonograph records were added to the library in 1957 and circulation of framed prints began in 1958 and an Art Loan was established with the help of the Friends of the Library and the Art section of AAUW.

Documentary and travel films were started on a monthly basis and 8mm films are the latest service offered for community enjoyment.

Members of the Friends and the Literature Section of the Arcadia Woman's Club act as couriers for our shut-in service and a staff member takes books to the convalescent hospitals. There is also a 500 volume collection which the Library has placed at the Assistance League Community House for the convenience of the Golden Age Club.

In addition to all these services staff members also give book reviews and talks on request from local groups.

Mrs. Moore feels it has been a privilege to serve the Community. She first came to the Arcadia Library in 1951 and has been head librarian since 1965.

Pamphlets giving a chronological history of the Arcadia Public Library's first 50 years were distributed by Mrs. Judith Moore at the Women's Division Chamber of Commerce luncheon meeting. The written material was presented in conjunction with her talk "50 Years of Service."

Infants Screening Clinic Set By HEAR

HEAR Foundation (Hearing Education Through Auditory Research) which over the years has developed techniques under the leadership of its executive director, Dr. Ciwa Griffiths, for the early identification of hard of hearing children, has scheduled a screening clinic for infants under eight months of age for Sept. 17 at its headquarters, 301 E. Del Mar Blvd., Pasadena.

Helping during the clinic hours, set for 9 to 11 a.m. and 2 to 4 p.m., will be a volunteer clerical staff composed of members of the Arcadia Friends of HEAR and of clubs in Verdugo District, California Federation of Women's Clubs.

Appointments must be made by calling HEAR Foundation, 681-4641, according to Mrs. Harold Deavel, environmental health chairman of Verdugo District, who is coordinating club members on this project.

The screening clinic is planned as a means of judging, by clinical observation in the sound room, whether the infant has normal hearing. If the baby fails the test, he will be scheduled for further and more extensive testing.

The HEAR Foundation program which has helped so many deaf infants, has demonstrated that the earlier the hearing aids are fitted, the greater is the result.

It emphasizes also that the screening is for all babies, not only for those with a suspected hearing loss.

Until recently, the importance of early testing was overlooked by the medical and educational personnel responsible for the welfare of hearing handicapped children. The lack of objective diagnositc testing equipment was one reason, and the idea that hearing aids might be helpful for the young deaf children had not been explored, Dr. Griffiths explains.

It is extremely important, she points out, that all infants, whether there is a question of hearing or not, have hearing screening test before they are many months old. Later identification of deafness does not inform the parents as to whether the loss was congenital, incurred after birth, or whether it might have been an inherited factor.

If every baby born had a hearing test and the information a part of the health record, later loss could be traced to cause and there would be less anxiety incurred, Dr. Griffiths says.

General Federation Issues Call

Mrs. Earle A. Brown, president of the General Federation of Women's Clubs, today issued a call to the Federation members to urge their U.S. representatives to sign the discharge petition to get the Equal Rights Amendment bill out of the House Judiciary Committee and onto the House floor.

"The General Federation," said Mrs. Brown, "has been on record supporting the Equal Rights Amendment since 1944 and the time has come for concerted action to get the bill before Congress.

"Representatives Martha W. Griffiths (Michigan) and Florence P. Dwyer (New Jersey) have filed a discharge petition to force the Equal Rights Amendment out of the Judiciary Committee. For a petition to be effective, it must be signed by at least 218 (a majority) members of the House.

"It is my hope that every member of the Federation will write or wire her congressman to take the necessary action to help get the U.S. Constitution amended, once and for all, so that equality under the law will be guaranteed to women."

Judith Moore Tells Story Of Library to CC Women

The year 1970 is the year that "marks 50 years of service to Arcadia by the public library," stated Mrs. Judith Moore when she spoke to members of the Women's Division, Arcadia Chamber of Commerce.

She continued, "Today public libraries have become more than buildings filled with books. Libraries are not only for avid readers, they are for movie-goers, playgoers, armchair travelers, art-enthusiasts, music lovers, magazine readers, for every age group, and for the infinite variety of human interests, but it was not always so.

"Back in 1913 when the Arcadia Library had its humble beginnings as a branch of the Los Angeles County Library, it was a storehouse for books, and not too many of these. However, by 1920 enough progress had been made that it was ready to stand on its own feet, and, with assistance from the Arcadia Women's Club came into being as the Arcadia Public Library and occupied a room at City Hall.

Frame House

"In 1924 it moved into a small frame house on First Avenue. This house still stands in the city having been moved to Camino Real, east of the wash and near 10th Ave. Once again the library outgrew its quarters and in 1928 a bond election was held, passed easily, believe it or not, and ground was broken for the new building at First Ave. and Wheeler St.

"The building itself was patterned after the Hill Street Branch of the Pasadena Library and was one of charm and warmth, architecturally in the old Spanish tradition and a far cry from the building which formerly was located on this corner, the old White City Saloon, which was burned to the ground in 1909.

"Two additions were made to this building, work rooms at the back and later a children's room to the south. But as Arcadia grew so did the need for more library service, and in 1961 "the million dollar cultural center" as it is often referred to by the press, was dedicated. Today you can discover for yourself what resources await you on the shelves, walls and in rooms and alcoves of the library.

"Just a word about library organization. The City Council appoints for four-year terms the five members of the Library Board of Trustees who at present are Elton Phillips, president; Mrs. Donald Camphouse, vice president; Mrs. Ernest Mortenson, Hugh Livie and Dr. Robert Stragnell. And I may tell you that these people are a most dedicated group.

Public Services

"This is the board which sets the policy of the library and appoints the librarian. The librarian hires all full time and part-time personnel and the board approves all full time appointments. There are five departments within the library and these fall within two main divisions, public services, those areas which serve the public directly, and technical services, where all materials are ordered, received, cataloged and processed for use by the public."

Mrs. Moore continued, "The Arcadia Public Library is your community information center, and can help you learn more about every conceivable subject, through books, periodicals, films, and other related materials.

"A librarian will be glad to assist you in your quest for information. There are encyclopedias, business and financial aids, out-of-town telephone directories, federal and state documents, college catalogs and a variety of other materials available in the carefully planned reference section.

"Do you want to know how to address a letter to your congressman, or, perhaps, how much you weigh on the moon. Simply dial the library phone number and ask for reference service. You can be assured of a prompt and accurate answer."

Mrs. Moore stated that a recent addition to the collection at the library are the large print books which are printed for the partially-sighted, but are proving popular with all readers. The Readers Digest, a gift of the Lions Club, is also available in a large print edition each month.

The speaker continued; "The Young Adult Reading Room provides a reading area for grades nine through 12. The adjoining alcove houses a collection of books which have been specially selected, on varied subjects as well as fiction to meet the interests of youth. The Junior Reading Room is used by youngsters from pre-school through the eighth grade. A children's librarian is always there to guide them to help in the selection of reading material.

Story Hour

"Each week there is a story time for pre-school children, and once a month there is a film for young people and their prents. Each summer the Junior Reading Room overflows with the youngsters who have joined the summer reading clubs, long one of the library's most popular services."

Mrs. Moore told of the Business Reference materials and the audio-visual department where there are fine art books, phonograph records, films, original art and some art prints as well as other non-book material.

Mrs. Moore told the group that the Art and Lecture Room of the library is used extensively by the community. She spoke highly of the Friends of the Library saying, they are always ready to step in where help is needed.

Monies received from their annual book sale have gone to buy many handsome gifts for the library. Outstanding among these is the "Collection of Local Historical Paintings" by Edna Lenz and Justine Wishek, presented to the library and now on display in the Arcadia Room which also houses the rare book collection and Arcadiana. The gift most gratefully received by patrons the speaker said, "is the curb-side book drop."

She spoke of the different activities sponsored by the library during National Library Week, and throughout the year.

Mrs. Moore concluded with, "Libraries need the help of thinking people as they face the problems of better serving their communities. They also need the active involvement of people on all levels, as they work to meet the challenge of our fast moving world.

"We invite you to help us meet the problems and challenges of the future and to be actively involved in making ours a truly useful library for all Arcadians."

Mrs. Moore, who was introduced by Helen Gains, has retired as city librarian of the Arcadia Public Library, after 19 years of service. Iris Pinkston, president, officiated at the meeting.

RESOLUTIONS PASSED—At the recent annual convention of the California Federation of Women's Clubs, representing some 65,000 members, important resolutions were adopted. These included: Urging President Nixon to appoint a woman to the Supreme Court; to enact legislation permiting school authorities to dismiss teachers who teach concepts "contrary to United States heritage" (applying to situations where a person is an admitted Communist or Marxist); use of seat belts in school buses; use of returnable bottles and containers to combat litter (steps have already been taken in this matter); vigorous action to eliminate auto emissions as a cause of pollution; bonding of dangerous drugs; and an analysis for better flood control.

Research and long hours of consideration went into the formation of these resolutions. Furthermore, these women certainly show their concern for the problems facing us and they are determined to do something about them.

FLAG DAY—Since time immemorial, mankind has fought for more than bare physical survival. The age-old quest is for freedom. Freedom to choose, to move about freely, to venture, learn and grow. Freedom to aspire, even toward visions of greatness glimpsed but fleetingly in flashes of insight. Elusive goals are these; it was was ever thus. Yet many established rights and principles by which we live today, often taken for granted, were won by striving together. Fly your American Flag June 14.

FLAG DAY — Residents of Arcadia are urged to display the American flag June 14 in honor of the highest symbol of the nation and its ideals. Mrs. Robert Martinetta, Americanism chairman of the Arcadia Junior Woman's Club which is urging observance of the day, and Mayor Ed Butterworth discuss commemoration.

A Reminder: Fly the Flag On June 14

Mrs. Robert Martinetta, Americanism chairman of the Arcadia Junior Woman's Club, is reminding Arcadians that June 14 is Flag Day.

Citizens are urged to display the flag on their homes and business offices on the day set aside to honor the flag as the highest symbol of the nation and its ideals.

"Every citizen needs to know when to salute the flag, how to display it, and other rules about the flag," Mrs. Martinetta said. "Owning, and displaying it at the correct times and in the proper manner are the marks of respect to one's country," she said.

Although the flag makers of 1777 left no records to indicate why the colors red, white and blue were chosen for the flag, there are many legends, Mrs. Martinetta said.

"Perhaps the most popular of these is a quotation attributed to George Washington," she said, who reportedly remarked:

"We take the stars and blue union from heaven, the red from our mother country, separating it by white stripes, thus showing we have separated from her, and the white stripes shall go down to posterity representing liberty."

Mrs. Battaglia elected district vice president

Mrs. Stephen Battaglia of Arcadia was elected first vice-president of the Verdugo-Metropolitan district CFWC junior membership, at the convention held in Newport Beach.

In addition to these offices she has still found time to act as chairman on the following club committees: Build a Better Community, Amenities and Ethics, Inspiration, and Fine Arts.

When not involved in club projects, Beverly enjoys sewing and crafts, playing tennis and golf, and family activities with her husband and two sons, David seven and one-half, and Richard four and one-half.

Philanthropies Of Year Told By Junior Club

Mrs. LaMont Chase, Dean of Philanthropy for the Arcadia Juniors, has announced the selection of club philanthropies for 1970-71. Chosen by the membership to receive club assistance for the coming year were PATH (Parent and Teen Help, Inc.), Haven House, KCET-TV (educational channel 28), and C.A.T.H.Y. (Community Assistance to Homeless Youngsters).

Each year the Juniors raise money to support club philanthropies by a series of fund raising activities. Whenever possible personal service is given in addition to monetary support.

The Juniors have elected to again support PATH of Arcadia. This group is a non-profit service club for Arcadia students age 15-19 years. The organization was founded to combat the drug problem in Arcadia by providing activities to involve the teen community. PATH maintains a youth center which is open nightly for local youths. In past years, the Juniors have supported PATH with both financial aid and by providing chaperons for teen center activities.

KCET-TV is the local Los Angeles educational television station. This station does not receive government subsidy so it must be financed entirely by private and public donations. Without financial support the station would have to eliminate much of it's programing. KCET-TV is responsible for such outstanding educational programs as the Emmy winning Sesame Street.

Haven House is a Pasadena based organization which provides a home and general assistance to the families of alcoholics. The house is open at all times of the day and night to provide a refuge for families whose home life is disrupted by alcoholism. In addition, Haven House supplies clothing and other necessities for its residents.

CATHY (Community Asters) is a committee of volunteers which works to recruit foster homes through community involvement and to develop understanding and acceptance of foster care in the community. This group is anxious to make the community aware of the need for foster homes for the ever growing number of homeless youngsters.

Juniors remind citizens to heed signs

"Drive with care — we have lots of children, but none to spare" is the theme for a back to school traffic safety campaign being sponsored by the Arcadia Junior Woman's Club. The campaign is under the direction of Mrs. Clyde Cabrinha, safety chairman.

Each fall when school begins, hundreds of children are injured in accidents across the nation. School children are constantly cautioned about the basic safety rules for crossing streets and observing traffic rules, but it is the motorist who must remain alert at all times while driving in school areas.

Arcadia residents are urged to be extremely cautious while driving — especially during the opening weeks of the school term.

President of Arcadia Juniors offers dish for busy shoppers

By MARILYN MORRISON

Attractice energetic Mrs. Jackie (Steve) Long, current president of the Arcadia Juniors, comments that her special hobby is trying to find time to enjoy her hobbies. In between all of her duties as junior president, doing Christmas shopping and a bit of minor redecorating she finds that a quick and easy casserole is a lifesaver for feeding the hungry family.

The Long family includes her husband Steve who is in the Women's Sportswear field (no wonder Jackie always looks so "sharp") Steve 12, Kathy 7 and Stephanie, 5.

In addition to serving as president of the juniors Jackie is chairman of the San Gabriel Valley Community Roundtable Fact-Finding Board and is chaperone chairman and a member of PATH plus serving as Bulletin chairman for the Verdugo District California Federation of Woman's Clubs, Junior Membership.

The favorite family pastime of the Longs is spending a relaxing day aboard their cabin cruiser "Miss J" moored in beautiful downtown Marina Del Rey. (This new addition to the family was an anniversary present to Jackie, last July.) The family shares many outings and trips to the zoo, Disneyland and Marineland are frequent "musts."

Jackie loves her work with the juniors and last year worked diligently in the kidney dialysis section of General Hospital.

Jigsaw puzzles are her "thing" and she loves to do gardening but admits that the inclination to work in the yard always seems most compelling just after she's had a manicure.

According to Jackie the juniors will be busy up until just before Christmas. They have planned a craft class Saturday morning at the Arcadia Public Library and are sponsoring a Christmas party for small fry on Dec. 19 at the clubhouse. Their recent "Twelve Days of Christmas Ball" was a huge success.

The Heavenly Hamburger Dish is one of those tasty little "gems" that can be prepared between appointments and shopping and is so flavorful and hearty that one has no idea how simple it is to prepare.

Heavenly Hamburger Dish

1 pound ground meat
½ teaspoon salt
¼ teaspoon pepper
½ pound American cheese
½ cup sliced ripe olives
2 cups very fine dried noodles
1 No. 2 can stewing tomatoes
¼ cup water

Brown beef in fry pan. Season with onion salt, pepper, salt and mix well. Place a layer of cheese over beef. Add ripe olives, dry noodles stewing tomatoes, and water in order given. Sprinkle with salt and pepper. Cover, cool over high heat until steam appears, reduce heat to low, simmer 30 minutes.

Special flavor

To have really succulent broiled chicken, allow ample time for the broiling process. It may take as long as 40 minutes to broil small broiler-fryers that have been cut into serving-size pieces.

School

School bells will ring Monday, calling some 10,000 Arcadia youngsters away from Summer fun and back to the classrooms.

Though final attendance figures will not be available until late this week, school district spokesmen estimate that enrollment will approximate last year's 10,164 figure. The district expects some drop in enrollment at the eight elementary schools and a slight increase at Arcadia High School. Enrollment at the district's three junior high schools is expected to remain about the same as last year.

Though the students won't return to school until Monday, teachers were busy in their classrooms and attend-

ing meetings all last week. Highlight of the pre-school orientation week was a luncheon for new teachers given last Thursday by the Chamber of Commerce. In all there are 51 new certificated personnel in the district this fall including 31 elementary teachers, seven high school teachers, 11 junior high school teachers, one speech therapist and a new assistant superintendent for business.

District administrators said the following class schedule will be in effect at all schools: kindergarden morning sessions will be held from 9:15 a.m. to 12:25 p.m.; afternoon kindergarden sessions will run from 12:35 p.m. to 3:45 p.m.; grades one through three will attend classes from 8:45 a.m. to 2:15 p.m.; grades four through six will start at 8:45 a.m. and be dismissed at 3:15 p.m.; sessions at the three junior high schools will run from 8:45 a.m. until 3 p.m., and classes at Arcadia High will begin at 8 a.m. and end at 2:45 p.m.

Any new students in the district who have not yet registered are to go to the principal's office at the school nearest their home.

There will be a number of changes at the schools this year, but the one most affecting the students will probably be the new bus schedule. District spokesmen explain that the number of students picked up and bused to school will remain the same. However, the number of bus stops has been decreased, so a number of students will have to walk farther to catch the bus. The schedule change, which results from a recent study by a school transportation consultant, will save both time and expense, district spokesmen said.

The district this year will be using new math texts in kindergarten through sixth grade. The new texts continue many of the features of the modern math program which has been in effect in Arcadia and the state for some years. Both teachers and administrators have attended a number of recent in-service meetings on the new texts.

At the high school level, the district will institute a new social science program which features both mandatory and elective courses. The program, which has adopted many of the features of the progressive English instituted at the high school last year, offers both quarter and semester courses.

The new health care program will be put into effect at all district schools. There will be 11 health aides, a new position in the district, who will be supervised by two registered nurses.

DRIVE WITH CARE! — A back-to-school safety campaign is being sponsored by Arcadia Junior Woman's Club. Helping impress the message on motorists are, from left, Michelle Moore, Chris Çabrinha, Gary Levinski, Kathy Long, Cam Cabrinha, Don Levinski, Lee Ann Levinski and Stephanie Long. Mrs. Clyde Cabrinha, safety chairman for the club, pointed out that each fall when school begins, hundreds of children are constantly cautioned about the basic safety rules for crossing streets and observing traffic rules. But it is the motorists who must remain alert at all times while driving in school areas. Arcadians are urged to be extremely cautious while driving—especially during opening weeks of school term.

In past years, many members have appeared on the television show and have won thousands of dollars in cash and merchandise. This money-raising activity is being planned by Mrs. David Mears.

Any Arcadia residents interested in going to the broadcast with the Juniors may obtain further information by calling 447-3125.

Mrs. Drouet, International Affairs chairman, has also been busily collecting children's clothing to be delivered to orphanages in Mexico. Clothing is going to the Holt Orphanage and Day School in Tacate, Baja California, and the Rose Park Orphanage in Tijuana, Mexico.

Another International Affairs project that has kept club members busy is the assembling of baby layettes to be sent over-seas. These layettes will be distributed through CARE to new mothers in the Philippines.

In cooperation with the Direct Relief Foundation, Juniors have also been collecting used eye glasses which will be repaired and distributed to the needy. This project is also being directed by the Juniors' International Affairs chairman.

SEEDLINGS FOR NEXT ARBOR DAY — "Paper Drop" project slated this Saturday by Arcadia Junior Woman's Club will raise money to buy seedlings which are traditionally given to children to plant on Arbor Day. The club asks everybody to help by bringing old newspapers to city hall parking lot Saturday. Mrs. David Sheldon, club conservations chairman, and Mrs. Gertrude Woods, educational director for Arboretum, show David Jr. left, and Mike Sheldon seedling the money will provide.

From Trees To Paper To Trees

Plans for the "Trees to Paper—Paper to Trees" community paper drop are being finalized according to Mrs. David Sheldon, conservation chairman for the Arcadia Juniors.

The drive will take place on Saturday, Sept. 12, from 8 a.m. to 2 p.m.

Collected papers (no magazines) may be brought to the drop site in the parking lot of the Arcadia City Hall on Huntington Drive. From that point the papers will be loaded onto 2½-ton trucks furnished by the Second Army Battalion, 144th Artillary. The trucks will then be driven to the outlet where the papers will be sold.

All money raised from this paper drive will be used by the Juniors to purchase approximately 3,000 seedling trees. The trees will be given to local school children during the annual Arbor Day ceremonies at the Arboretum. The seedlings must be ordered and planted this fall so that they will have reached the proper size to be distributed by Arbor Day.

Mrs. Sheldon is urging Arcadia residents to save their old papers and bring them to the drop site Saturday. The drive cannot be a success unless the community becomes involved. A large amount of papers will be needed to raise enough money to purchase the required number of seedlings.

Juniors extend invitation to children's holiday party

The Arcadia Junior Woman's Club invites the public to a children's Christmas party, Saturday, Dec. 19 at 1 p.m. to be held at the coubhouse, 324 S. First Ave., Arcadia.

Each family will be required to bring one unwrapped, new toy, to be donated to the children at MacLaren juvenile hall and the club's philanthropy, Haven House. Mothers will also be asked to bring a 50 cent wrapped gift for their own children, to be handed out by Santa Claus. This gift must have the child's first and last name printed plainly.

The children can expect to have a good time with entertainment by the Arcadia High School "Road Show" offering Christmas songs and musical skits. Punch and cookies will be served to all the children and everyone will have a chance at the three door prizes.

Pictures of your children with Santa Claus, may be purchased at the party, with the proceeds going to charity.

Arcadia Juniors offer pollution research notes

Mrs. David Sheldon, Conservation Chairman of the Arcadia Junior Woman's Club, is currently researching ways in which the average citizen can join in the battle against pollution.

Since pollution is a problem in all phases of the natural environment, Mrs. Sheldon has divided her findings into three areas in which the average housewife can work in the fight against pollution.

Cars

1. If you have no real need for a second car, don't buy one.
2. If it's a must, buy a small car.
3. Don't let the tank overflow when buying gas. Gas pollutes.
4. Use litter bags when driving.

Water

1. Conserve water as much as possible.
2. Use dishwasher once a day. Most soaps are full of phosphates.
3. Put cooking fats and coffee grounds in trash, not in disposal.
4. Don't use disposable diapers. They clog septic tanks and plumbing.

Re-usable Items

1. Return coat hangers to cleaners.
2. Buy fresh produce when possible. Frozen and canned containers add to pollution.
3. Buy in returnable bottles.
4. Use cloth as much as possible (handkerchiefs, napkins and kitchen towels) instead of paper products.

Let us be sure to list all of our efforts and report them to our Federation Secretary and Dean of Chairmen, Mrs. Charles F. Ganther, that they may be included in a master list which will be compiled, so that we can share our accomplishments with all Federation Chairmen, to be included in all departments where it applies, so that The Woman's Club of Arcadia, its Federation chairmen and all its members will receive the proper recognition at our conventions later on.
